

May 13, 2010

Dear Clinical Faculty:

The Sullivan University College of Pharmacy (SUCOP), since its opening and acceptance of its Inaugural Class of 2011 on July 7, 2008, has been very honored and pleased to receive your support in the educational endeavors of our future practitioners. We have established a standing Experiential Education Committee where clinical faculty meet together to work with SUCOP in the establishment and implementation of the experiential training component of the Doctor of Pharmacy curriculum. Our preceptors all receive appointment as clinical faculty from the College and we do appreciate your expertise, time, and effort to serve on Committees of SUCOP (Curriculum, Assessment, Experiential Education) and to be part of our accreditation process.

We are therefore very pleased to introduce a new program benefit dedicated to our clinical faculty. SUCOP and the Graduate School at Sullivan University are collaborating to offer a special eMBA/MBA program at reduced tuition to clinical faculty who are interested and meet the admission criteria for the program (See enclosed *Clinical Faculty—Master in Business Administration Option* program overview). The Sullivan University Graduate School offers this program in a variety of delivery formats (online, classroom, or limited number of on-campus meetings) to fit in with your desires and lifestyle. The Graduate School also accepts work experiences as part of the curriculum. These options will be fully reviewed with you through the Graduate School upon your acceptance to the program.

For further information regarding this program, please see the enclosed documentation as well as the information provided on the SUCOP web page and the Office of Experiential Education section of the SUCOP web page (<http://www.sullivan.edu/pharmacy/EE-welcome.asp>). In addition, the eMBA/ MBA Program can be viewed on the Sullivan University Louisville web page (<http://www.sullivan.edu/graduate-student.asp>).

Contact Information

Frank Facione, Ph.D., R.Ph., Assistant Dean of Student Affairs

502-413-8643 / ffacione@sullivan.edu

Paige Sherid, Administrative Assistant to the Assistant Dean of Student Affairs

502-413-8645 / psherid@sullivan.edu

Thank you again for your continued support ! We hope that this program will represent a small token of appreciation from SUCOP and the Sullivan University System toward the contributions that you have extended to the educational endeavors of our students and future practitioners.

Warm Regards,

Hieu T. Tran, Pharm.D.
Founding Dean and Professor
